CHROMACRYL STUDENTS' ACRYLIC

Chromacryl[®]
STUDENTS' ACRYLIC

Chromacryl Students' Acrylic

A fast drying, water-based acrylic paint that offers limitless possibilities and applications in the art classroom, around the home, or even at the office. Chromacryl's new thicker formula allows students to develop varied and sophisticated adult painting techniques because it has the body and consistency of an artists' acrylic. Chromacryl is AP-approved non-toxic, has superb paint coverage, a high percentage of non-lightfast pigment and good water solubility.

Conforms to
ASTM D 4236

Chromacryl comes in 31 vibrant colors and is available in 16.9 US fl oz (500ml) and 1/2 gallon (2L) bottles.

CHROMACRYL MEDIUMS

Chromacryl
STUDENTS' ACRYLIC

CHROMACRYL MEDIUMS

Makes painting with Chromacryl even more versatile for students and hobby artists. They are used with acrylic paint to manipulate the consistency and properties of paint for an infinite variety of applications and techniques, whether it be screen printing, papier-mâché, textile painting or glass painting. Chromacryl mediums are an essential compliment to your painting process and are AP-approved non-toxic.

Conforms to
ASTM D 4236

1905

Clear Gel Medium

Great as a paint extender and for transparent glazing techniques. Ideal for monoprinting and overprinting. Clear Gel Medium works as a release agent when applied to the surface prior to paint application. It can also be used as a reduction paste in silkscreen.

Product	Code
16.9 US fl oz (500ml) Bottle	1905

1906

Impasto Gel Medium

Use Impasto Gel to build thick structure and texture (impasto). It can be used for thick glazes and is an excellent adhesive for mixed media, especially heavy objects in collage work. Ideal for 3D construction. Impasto Gel is milky when wet but dries clear and remains flexible.

Product	Code
16.9 US fl oz (500ml) Bottle	1906

1907

Painting Medium/Varnish

The most versatile Chromacryl medium giving good color saturation, ideal for enriching and protecting finished artworks. Seals paper surfaces so that when acrylic paint is applied, the paint retains its richness. Rejuvenates color when applied over dried acrylic paint.

Product	Code
16.9 US fl oz (500ml) Bottle	1907

1904

Textile Medium

Simply add Textile Medium to create a fine fabric printing or painting ink that once "cured" by heat becomes permanent. Allows free-hand painting and block or screen printing on fabrics with wash fast durability.

Product	Code
16.9 US fl oz (500ml) Bottle	1904

1613

Pouring Medium

Mix to create smooth, even puddles and ribbons of color and "acrylic skins." Increases transparency and dries to gloss finish.

Product	Code
16.9 US fl oz (500ml) Bottle	1613

1913

Texture Paste

An opaque modelling compound ideal for multiple texturing methods. Can be mixed into Chromacryl paint to create a colored paste or applied directly to a painting surface and overpainted Chromacryl colors once dry. Also useful in collage to adhere heavy objects. Dries to a white, matte finish.

Product	Code
8 US fl oz (250ml) Jar	1913

CHROMACRYL FLUID ACRYLIC

Chromacryl[®]
FLUID ACRYLIC

Chromacryl Fluid Acrylic

Chromacryl Fluid Acrylic is highly pigmented acrylic developed to bring additional artistic versatility and excitement into the classroom.

Conforms to
ASTM D 4236

Chromacryl Fluid Acrylic comes in 16 colors and is available in convenient 8.4 US fl oz (250ml) bottles.

Made in USA

- The full strength, ready-to-use formulation can be used straight from the bottle for any fine detail techniques: lettering and calligraphy, illustration, posters, signs, papier-mâché, general school projects and more.
- With subtle reductions of water, create brilliant color washes, glazes and watercolor effects for incredibly luminous layers.
- Chromacryl Fluid Acrylic dries to a velvety matte finish that seems to glow from the inside - unique among fluid paints. Its minimal color shift makes it perfect for teaching color theory and mixing.
- Its surface and self leveling quality make it ideal for drawing over with markers, pens, pencils or for use in mixed media projects, altered books and art journaling.
- Is versatile and fully compatible with all Chromacryl Students' Acrylic and Mediums to achieve a variety of new and creative techniques.

CHROMA MURAL PAINT

Chroma Mural Paint

Chroma Mural Paint is a lightfast, outdoor, water-resistant paint, designed with the mural artist in mind. With superior coverage, handling and pigment load, artists have a great paint that can be used straight from the bottle for interior and exterior murals. The bright and mixable colors are AP-approved non-toxic and clean up easily.

Chroma Mural Paint comes in 37 creamy colors and is available in 16 US fl oz jars (474 ml).

Blacktop and Polar are available in 1/2 Gallon (2L) and in 1 Gallon (4L) bottles as well.

Chroma Mural Paint Special FX are available in 16 US fl oz jars (474 ml).

Made in USA

* Sales of 16 oz, 1/2 Gallon and 1 Gallon sizes into Southern California's South Coast Air Quality Management District (SCAQMD) territory must be reported on a yearly basis to Chroma.

CHROMA 2 INTENSE & OPAQUE HEAVY BODIED WASHABLE TEMPERA

Chroma2
INTENSE & OPAQUE
HEAVY BODIED
 WASHABLE TEMPERA

Chroma 2 Intense & Opaque Heavy Bodied Washable Tempera

Teachers usually expect washable paints to be weak and lack intensity. Our new Chroma 2 Intense & Opaque Heavy Bodied formula overcomes this problem, providing strong colors and thick creamy body.

Chroma 2 can be used in schools as a total classroom resource, for painting and printing on all surfaces such as paper, canvas, cardboard, plaster, clay and any others.

At the secondary level, students usually progress to Chromacryl for painting, as they are old enough to develop more advanced acrylic techniques. Teachers should consider using Chroma 2 for silk screen and other printing lessons, as it is so easy to clean up printing equipment and gives great results.

Comes in 14 bright intermixable colors, available in 16.9 US fl oz (500ml) and 1/2 gallon (2L) bottles for easy classroom use.

Color Name	16.9 oz	1/2 Gal

CHROMA GESSO

Chroma Gesso

Chroma Gesso for preparation of painting surfaces. It is available in three grades - Basic, Artist and Professional. All three grades are quick drying to a flexible, matte finish, provide superior tooth and maximum adhesion and are non-toxic. Always use caution when sanding a gessoed surface.

Comes in three grades of white in 32 US fl oz (1L) jars and 1 Gallon (4L) buckets and one grade of black in 32 US fl oz (1L) jars.

Black Gesso - Student grade black gesso with a fine tooth providing good covering power for moisture and water resistance.

Basic Gesso - Student grade white gesso with a fine tooth providing good covering power for moisture and water resistance.

Artists' Gesso - Quality, heavy-bodied bright white gesso with maximum opacity, adhesion and water resistance. Dries to a non-yellowing, flexible matte finish.

Professional Gesso - Premium, heavy bodied bright white gesso with maximum opacity, adhesion and water resistance. Contains higher levels of titanium dioxide, calcite grit and acrylic resin. Dries to a non-yellowing, flexible matte finish.
